Sir:

In reply to the December 2, 2005 Office Action, reconsideration of the application in light of the following remarks is respectfully requested.

Claims 1-20 are pending in this application. The Office Action, on page 2, rejects claims 1-20 under 35 U.S.C. §103(a) as being obvious over U.S. Patent No. 6,560,115 to Wakabayashi et al. (hereinafter "Wakabayashi"). This rejection is respectfully traversed.

Wakabayashi teaches an electronic control unit for mounting on a vehicle including a control portion and a power portion which are separate from each other, and are combined together (Abstract).
